

How to use a Chrome Browser on for a student or staff computer and use Read&Write for Google Chrome 9/18/17

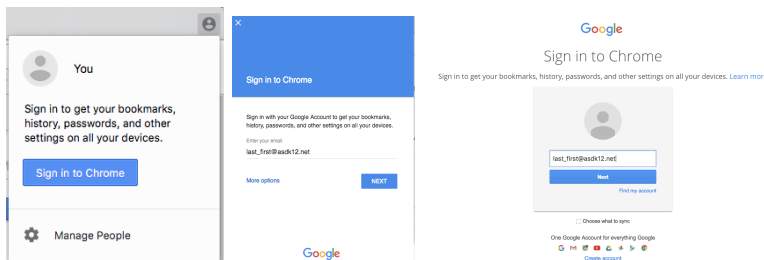

1. Launch the Chrome web browser

2. Select the link: [Read&Write for Google Chrome and TextHelp Screenreader](#). Choose 'Add to Chrome' and then select 'Add Extension'. Extension will provide a confirmation message, say ok.

3. So you can use the premium features, you'll need to Navigate to the top right corner of the Chrome browser and Click on the icon, then 'Sign in to Chrome'

4. Sign in to Chrome using the the staff last_first login convention, but instead of using .org like we do for email, Sign in using .net instead. Ex: last_first@asdk12.net 'Sign in' and Click Next.

5. Sign into the Anchorage School District Google page. This time, you only need to use your lastname_firstname. You will receive a confirmation that you have signed into the Chrome browser. Click 'OK, GOT IT'.

6.

Relaunch the Chrome browser, then Click on the purple Read&Write for Chrome icon in the upper right corner, a window will appear, select 'Allow'

7.

Explore accessing text in different ways using Read&Write for Google Chrome.
