

# Sports Matrix – Confirmed Case

Situation	Evaluated Probability Of Transmission	Assumptions Remarks	Response Options*
1 Case	Low or no risk	Confirmed case had minimal or no contact time with team/activity members	<ul style="list-style-type: none"> <li>Quarantine individual until confirmed no symptoms/negative test results</li> <li>Continue/sustain team events practice/competition</li> </ul>
	Possible/Suspected	Confirmed case had contact time with team/activity members while infectious; possible transmission	<ul style="list-style-type: none"> <li>24 hour or no suspension</li> <li>Quarantine individuals known or suspected of exposure</li> </ul>
>1 Case on a Team in a 1-4 Day Time Frame	Possible/Suspected	Increased probability that transmission occurred within the team; additional confirmed cases likely	<ul style="list-style-type: none"> <li>Suspend specific sport/activity; resume when able</li> <li>Quarantine individuals suspected of COVID-19 exposure</li> </ul>
1 or More Cases on Multiple Teams in a 1-10 Day Time Frame	Low or no risk	Confirmed case(s) has no contact time with team members. No pattern to inform broader transmission risk or cause	<ul style="list-style-type: none"> <li>Address each case separately (as defined in the 1 Case model)</li> </ul>
	Possible/Suspected	<ul style="list-style-type: none"> <li>Cases within a geographic region or sport/activity</li> <li>Possible common origination</li> <li>Spread likely due to competition(s)</li> <li>Scale may necessitate suspension of activities/transition to high risk</li> </ul>	<ul style="list-style-type: none"> <li>Suspend impacted activities/events; resume when able</li> <li>Potentially suspend all organized sports/activities if multiple sports/activities affected; resume when able</li> </ul>

\*All confirmed cases will result in impacted parent notification, contact tracing and an investigation.
