

Mission

All students will grow academically, form healthy relationships, and acquire real-world skills in a safe learning environment.

Our Vision

In order to build the ideal student experience, we will unite to achieve a high standard of excellence, with the common purpose of supporting our culturally rich learning community through SMART goals and strong habits of mind (ROAR).

Goals are SMART when they are specific, measurable, attainable, relevant, and timebound.

Collective Commitments

In order to achieve the mission and vision of our school, Turnagain staff will embrace the following collective commitments:

We will work together to provide rigorous instruction, targeted support, and evidence based strategies to improve all students' learning in collaborative teams.

We will provide a safe, inclusive, welcoming learning environment where we develop conscientious academic success, a growth mindset, strong habits of mind and students' well-being, while continually monitoring progress.
