

The mission of

CROSSROADS

is to provide a

path for support

and **direction for life.**

WE BELIEVE!

Each student is valued as an individual with unique intellectual, physical, social, and emotional needs.

Teachers, staff, and administrators share in the responsibility for providing a supportive environment within the school.

Students learn in different ways and should be provided with a variety of instructional approaches to support their learning.

Assessments of student learning should provide students with a variety of opportunities to demonstrate their achievement.

Students who are successful will have children who are successful.
