

Rilke family my name is Jason Hotch and I am running for reelection for the APC board. I have thoroughly enjoyed my past three years on the board and am hopeful I can continue the work that I have started for another three years. There is a lot going on for the board and Rilke as a whole at the moment, and I'm excited for the future of this school and community. My goal for the next three years is to further strengthen the footing that this school has and to set it up for even greater success long into the future.

1) Educational and professional background : Educational background is in my Bachelors in Business Management, and my professional experience is within Fiscal Management at the Municipal and State levels of Government. In addition, my Curriculum experience in previous positions within Alaska and California are beneficial to the APC.

2) Skills or experience applicable to serving on the APC : In Addition to having served one term already on the Rilke APC, I also currently serve as the Chairman for a board overseeing three trusts here in Alaska. Previous experience in Roberts Rule of Order as well through work experience and other boards.

3) Reasons for interest in serving on the APC: I am currently completing my first term on the Rilke APC, and wish to continue the work I have started. Myself and my family are all in on Rilke, and I want to ensure a strong program for my children and all attendees of Rilke now, and into the future.
