

Northern Lights ABC School
Parent Commitment Agreement
Creating Unity Between Parent and School

Northern Lights ABC School is an alternative educational program that is dedicated to a philosophy embracing a back to basics approach to education. It is a structured environment where academic excellence, patriotism, good manners, citizenship, and the eighteen character building blocks are a way of life. Parents who choose our school for their children firmly believe in the tenets upon which our school was founded. _____ Parent Initial

The ABC philosophy is that each child must be challenged to excel in school. Grade level expectations are high with accountability for learning. Placement in ABC is not in the best interest of any child who is not capable of achieving this educational environment. For any program to successfully educate and prepare the children for the future, strong, committed, parental support and active participation are of the highest importance.

As a parent, are you willing to commit to active participation and partner with your child's teacher to help prepare our students? You can do this by volunteering to help with the classroom, social activities, school projects and/or school programs. This can be accomplished on campus or at home. I recognize the critical role of parent involvement in student achievement and that it significantly enhances the school program. _____ Parent Initial

I agree to get my child to school on time and pick them up at the designated time set forth in the Student Handbook. Reporting to class promptly increases learning. It also prepares students to become dependable citizens in the future. I understand there is no supervision for children left after 3:15pm. Failure to comply with the start time and pick up time is possible grounds for revoking zone exemptions. _____ Parent Initial

Consequences for Tardiness during Drop Off and Pick Ups:

After six violations:	Notification in writing
Seven – twelve violations:	Meeting with principal for action plan on correcting manner
Thirteen – twenty violations:	Meeting with principal and ASD representative
Excess of twenty violations:	Possibility of zone exemption withdrawn

Vehicle Safety:

I understand that if I need to leave my vehicle for any reason, I will park in the parking lot in the front of the school. I will use the cross walk in the front lot and be an example to the students. Laurel Street and the fire lanes in the front of the school are limited to dropping off and picking up. I agree to follow parking lot traffic flow and signage. Procedures are on the school website. _____ Parent Initial

I will strive to meet the standards established for Northern Lights ABC School. I will continue to encourage my child to do homework promptly and correctly, and will continue his or her education experiences during non-school hours. I realize that the best way to teach children values are by setting a good example and being a good role model. I recognize my responsibility to all of the students and parents at this school and support the values and standards of Northern Lights ABC School.
