August 2018

Greetings Parents and Students,

I wanted to take this opportunity to welcome you to (or back to) PAIDEIA Cooperative School. I know that we have experienced a big change this year moving from a charter school to an alternative school. Many of you are also experiencing a change in leadership with Cheryl leaving and with myself coming on board. I realize that this type of transition can cause some angst and I certainly hope that I can help ease concerns and answer any questions you may have.

First, let me take a moment to share a little about myself and my journey as to how I became the current principal for PAIDEIA.

As you can see I have been in education for over 20 years and have greatly appreciated the many opportunities I have been afforded over the course of my career to develop my craft as an educator. I am very excited about this newest endeavor and look forward to working with the staff, families, and students who have made the conscious decision to enroll in PAIDEIA to support their educational journey.

I will be able to share more about myself and the path for PAIDEIA at our Open House (TBA). I believe that the principles that have grounded the formation of PAIDEIA will continue to grow and guide us on this new adventure as we continue to look for positive personalized ways to support student learning.

Have a great rest of the summer and I look forward to meeting you this fall!

Thanks,

Doug

Principal, PAIDEIA Cooperative School

These plans are agreements between the families and PAIDEIA staff to determine coursework and the expectations that need to be met over the school year. It is a time for students to share their interests and needs to help plan for a successful year.
