Supplies will be needed throughout the year for special projects, most supplies for this are covered by BIG SIMPLE funds, however, some students have very specific ideas and will want special personal embellishments etc☺.

We have two projects starting off right away and you may have junk laying around we could use!

Our first project is an artistic rendition of our growth mindset using Styrofoam heads as a base. We will need junk and things like puzzle pieces, artificial flowers, small mirrors, keys, game pieces, small wood scraps, doo-dads of all kinds are welcome.

We are also in need of obsolete books with glued bindings (not sewn). 8X10 -11x14 or a bit larger and at least an ¾ to an inch and a half thick.
