INSPIRE MATH STUDENTS

- Use the Frontier Learning Profile to best understand how your child learns.
- Determine where your student needs specific help by accessing our placement tools.
- Student Allotments can be used for at-home or community-based tutors.
- Enroll in a math class at a local school.
- Customize your math class.
- Choose the best curriculum for each child.
- Math tutoring available at our Anchorage and Eagle River offices.

Frontier makes your job easier!

- We provide resources in support of your educational values and goals.
- We offer the greatest level of freedom to choose the curriculum that you want.*
- Need an instructional vendor? At Frontier, you choose the vendor that you want.
- Academic advising: as much as you want; as little as you need.
- Access to Anchorage School District (ASD) schools and programs, sports and activities.
- Earn an ASD high school diploma.
- NCAA approved curriculum available.
- Use your funding at UAA or other universities.

*Complete details in the Frontier Handbook.

OPTIONS FOR MIDDLE AND HIGH SCHOOL

"Do you require a program that can flex around your schedule?"

"Are you pursuing advanced studies?"

If so, our team is focused on increasing academic opportunities for you which include:

- Dual Enrollment: Continue taking a few classes at your neighborhood school.
- A flexible program that makes it possible to learn from almost anywhere.
- The option to use online curriculum and virtual classroom learning.
- Get a jump start on college! Take courses that earn both high school and college credits simultaneously.
- A learning plan customized to your career path and interests.

"Are you a high school student behind in credits, trying to catch up?"

In addition to the above, we offer:

- A weekly learning lab where middle and high school students can complete coursework and discuss progress.
- Personalized tutoring.
- 12-month school year.
- Credit recovery assistance.
