

Lottery has run!

Winterberry would like to ***WELCOME***
our new families and new students to our school!

We are excited to have you and look forward to this journey together.

We will be holding a gathering (virtual or in person) for new families
in May, date and time to be announced.

Any current families who wish to be a part of
the welcoming committee, please reach out
to Ms. Colleen 742-0139.

A few reminders:

PLEASE drive 5 miles per hour and stop at the stop signs. Our agreement with the condo associations is a safe passage (by car, bike or foot) for them and for our families through the neighborhood.

Also, drop off is from 8:15am to 8:30am, if you arrive before the agreed time, please wait with your student in your car. For safety reasons, we must be fully staffed outdoors before

we can receive students onto campus.

Introducing: Clayton Oberlitner

Q. How long have you been in Winterberry's now, eighth grade class?

One year in this class and two years in the Hybrid program.

Q. What are your hobbies and passion?

I love mountain biking, snowmachining, fishing, skiing and just about anything outside.

Q. What do you hope to do after leaving Winterberry?

I am probably going to go back to homeschooling, so we can travel more and go down to my grandparents boat in the Caribbean in the wintertime.

Q. Tell me one thing that you would like to remember about Winterberry?

I would like to remember how friendly and welcoming the class is.

Q. How would you wish to celebrate your graduation?

I would like to do something in person and outside with games.

Q. Is there one sentence you can think of that describes your time at Winterberry?

There have been some hard days, but in the end it was worth it.

Q. Is there one thing you would like to say about your 8th grade year?

I know how to use a computer a lot better.

Q. What are these times teaching you?

These times have taught me to appreciate traveling with my parents around the world.

Q. What is your advice to your future self?

Try not to worry, because things will usually work out.

Q. How did you imagine you would be in 8th grade in 1st grade?

I don't think I thought much about that in the first grade but I hoped I'd be tall, outdoorsy, funny and also strong like my dad.

Q. Did you live up to your vision?

I think so.

Q. Is there any last thing you would like to say to your class/teacher/friends?

I don't think I could have chosen a better class, or teacher to teach it.

Introducing: Nathan Rehberg

Q. How long have you been in Winterberry's, now, 8th grade class?

A. Nearly nine years

Q. What would you like to pass along to the upcoming 8th grade classes?

A. We missed nearly all of our eighth grade year to online schooling, and that gave me time to realize that our time as a class was nearly over. I would encourage you to make the most of this time.

Q. What do you hope to do after leaving Winterberry?

A. This summer I will try to spend a lot of time with friends and be productive otherwise. Then it is to highschool and it's sports.

Q. Tell me one thing that you would like to remember about Winterberry?

A. The individual people and how pleasant and honest each of them are.

Q. Are there any people that you would like to remember at Winterberry?

A. Yes, there are and were many people there who have had a profound effect on me, particularly all of my classmates. It's good to remember the people who made you.

Q. Is there one person at Winterberry that you would like to try and stay close to at Winterberry?

A. many of who I consider to be close friends I will likely spend plenty of time with still, and some others would be nice to stay in contact with.

Q. How would you wish to celebrate your graduation?

Any way that could be fun and memorable is enough.

Q. Is there one sentence you can think of that describes your time at Winterberry?

A. A place soft and open enough to learn in a healthy way.

Q. Is there one thing you would like to say about your 8th grade year?

A. Being alone for six months with only a screen connecting you to the place you are supposed to spend a part of your day working is very difficult to connect to emotionally and mentally. But at least we came back to school.

Q. Tell me a funny story/memory from your time at Winterberry.

A. Just today Miles brought in a flight simulator, with plenty of jokes to go around it was pretty funny.

Q. What are these times teaching you?

Dedication is the biggest obstacle in life, it really is, but don't let it get to you.

Q. How did you imagine you would be in 8th Grade in 1st Grade?

Cool, tall, and boring at recess.

Q. Did you live up to your vision?

No, yes, and yes.

Q. What do you wish an 8th Grader had told you in 1st Grade?

Talking with people can be pretty fun.

Q. Is there any last thing that you would like to say to your class/teacher/friend?

I hope your doing well, and stay bald.
