

MEET YOUR

Student Government Representatives

Katelyn Parker, President

My name is Katelyn Parker. I'm a high-school senior dual-enrolled here at Family Partnership along with my two younger brothers. I was the secretary for student government last year, and I'm thrilled to be the president this year. In the future, my goal is to work in the medical field, and I've been taking college courses to help me prepare. Outside of school, I love to figure skate and play the piano. Student government has always been a great opportunity for me to connect with my peers and make new friends. This year, our group has doubled in size and I look forward to working with all of our new members. I'm so excited to see what our group does this year.

Alek Helgesen-Thompson, Vice President

My name is Alek Helgesen-Thompson. I attended Dimond high school for my freshman through junior grades. I am attending FPCS for my senior year. I like math and science, which is why I take the most difficult STEM classes I can find. In my free time I like to go outside and have fun. My favorite class right now is AP Calculus BC due to its challenging nature. In college I hope to major in chemical engineering, and eventually become a professional engineer.

Lynciemae Adams, Secretary

Lynciemae Adams, the secretary for student government, is a junior in FPCS with dual enrolment in Service High School, King Tech, and UAF. She plans to pursue a career in medicine and is currently working on completing her prerequisites at UAF. Lynciemae is also currently taking aviation technology with the intent of obtaining her private pilot's license so she can fly her family's airplane which has been in the family for 3 generations. Figure skating is her recreational and competitive sport that she's been involved in for 4 years and her favorite class is biomedical career academy where she's learning to build knowledge and skills in biomedical science.

Asa Utic, Treasurer

Currently a sophomore, Asa has been with FPCS since kindergarten. In 9th grade he served as treasurer in student government and looks forward to undertaking this position again. He enjoys playing a variety of sports, watching/investing in stocks, fishing, and hanging out with friends. He is interested in a degree in business or architectural engineering.
