# Klatt News

Let the year begin!!

## We are off to a great start!

I hope this first week has brought some joy and peace to our hearts. Teachers have reached out to families and met each of their students. At Klatt, we've dug into the first Zoom meetings, classroom/virtual expectations, iReady diagnostics, and the world of eLearning!! With that, our staff is here to support you with any questions you may have. Reach out to us through email or the various ways of communication our staff is using!

### Virtual Program:

I am sorry for the wait that many of you have had and the problems with the start of our Virtual Program. Over this week the Virtual Program and Elementary Education have worked to solve them, get students scheduled, and teachers in communication with families. You should have received some communication from the Virtual Program and it will continue throughout. Please let us know if you are still in need of communication and assistance!

### Devices and Connectivity:

The district continues to roll out devices daily. If you continue to need a device, please call the school asap 742-5750, as it takes a few days to get the devices in your hands. Also, please see the attached flier regarding the connectivity piece. Do not call GCI yourself if you are needing internet access through ASD. You have to go through us for this request, and qualify.
