

Dear Polaris Elementary Families,

If schools are closed due to dangerous weather/road conditions, we will have a remote learning day. Our intention is to be flexible with family needs while providing students with opportunities to engage in learning throughout the day.

Attendance will be taken at the end of the day and students will be marked present based on communication from families, such as an email, student or family contact in Zoom and/or evidence of any student work. If your student has a pre-arranged absence, then their absence will continue to be counted as an excused absence.

Thank you for your help and support on this learning day. Your child is missed, and we look forward to seeing all of our students very soon.

Remote Learning Plan

Before 9:00 AM, teachers will reach out to families by email or text/Remind to share more specific information about today's learning activities. Family group teachers will have an optional Zoom lesson for students. The schedule and family group Zoom links can be accessed under the ELEMENTARY tab, on the Polaris website, on the [School Closure Remote Learning](#) page.

From 2:00 to 3:00 PM, family group teachers will have optional Zoom office hours and will be available to families to support students with remote learning.

Students can work independently, and at their own pace during the day. Remote learning activities and suggestions are on the back of this letter and available under the ELEMENTARY tab, on the Polaris website, on the [School Closure Remote Learning](#) page.

Please let us know if there is anything we can do. We are here to support students and families.

Sincerely,

Polaris Elementary Team
