Science

We will start a new science unit this week; Weather and Seasons. Our discussions will include the water cycle, the four seasons and types of bad weather.

Saxon Math 3

Math lessons this week will consist of temperature to the nearest degree F, comparison symbols, and types of lines. Homework will be coming home nightly Monday-Thursday. Parents need to check homework, and it needs to be brought back to school the next day. There may be math worksheets that come home on Friday, but these are not homework. Please use them as extra practice.

MATH NOTE: Some students are bringing math homework Guided Practice Side B with a lot of errors or incomplete. Parents, please check your child's homework carefully and have THEM correct it. Please ensure that the homework is in their folder and backpack after it has been completed.

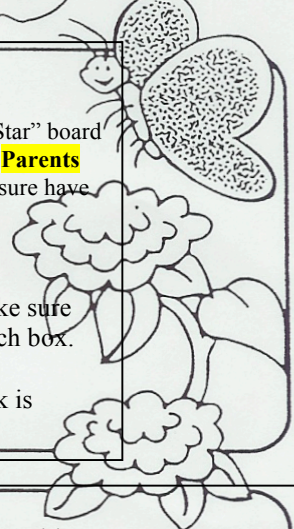

Star of the Week

Abigail Galloway

"Star of the week" may bring in up to 12 pictures to **staple** to the "Star" board and 3-4 items that they would like to share that are special to them. **Parents are invited to attend the presentation this Friday at 2:50.** Make sure have a funny story ready to tell about your child.

Healthy Snack

At 10:35 every day we have a health snack break. Please make sure your child has something healthy to choose from in their lunch box. We say this is "brain food" to get us through math☺! We even have snack time on pizza Fridays so a healthy snack is needed.
