

# CREEKSIDE INSIDER

October 27, 2020

Dear Parents,

As we continue our preparations for in-person learning to begin on November 16, 2020, for all Pre-K through 2nd grade students, we will continue to focus on five key safety mitigation strategies: Consistent and correct use of masks, social distancing to the largest extent possible, hand hygiene and respiratory etiquette, cleaning and disinfection, and contact tracing in collaboration with the local health department.

At Creekside, all students and staff will practice proper [hand washing techniques](#) at school. In each classroom there will be a poster on proper handwashing techniques. While washing our hands is the preferred method, we know there will be times that [hand sanitizer](#) is necessary to quickly disinfect our hands. According to the CDC, the approved hand sanitizer (which is available in schools) to combat COVID-19 is a 60% + alcohol-based hand sanitizer. This District provided hand sanitizer will be utilized in the classrooms and monitored by classroom teachers.

Students will be washing their hands regularly throughout the day: upon entering and leaving the classroom, before and after eating, plus a variety of other reasons. And of course, teachers will be reviewing this with students regularly.

If you have any questions or need anything, don't hesitate to call the office at 907-742-1550 or email us at [askcreekside@asdk12.org](mailto:askcreekside@asdk12.org)

Take care,  
David Christal and Kaitlin Tallman
