

Extended School Year

ESY is an annual IEP team decision. IEP teams make ESY determinations based on the unique needs of each student. ESY services could be provided in a site-based model, as itinerant services, or other individualized frequency and duration of services.

Transportation and meals are provided for ESY. Class assignments and transportation details (bus routes, pick-up times, etc.) are finalized the week before the ESY session starts.

2025 ESY Site-Based Model

For Grades K-12 and Transition age students whose IEP team determines ESY through a Site-Based model, ESY is offered 3 days a week (Tuesday-Wednesday-Thursday) for 4 weeks in June:

- June 3, 4, 5
- June 10, 11, 12
- June 17, 18 (There will be no ESY on June 19 in observance of Juneteenth)
- June 24, 25, 26

Program Time: 8:30 am - 1:30 pm

2025 ESY Itinerant Model

For K-12 and Transition age students whose IEP team determines ESY through an Itinerant model, their summer ESY provider will reach out to your family to schedule the ESY services.

Please note: IEP teams should make ESY determinations based on the unique needs of each student. ESY services could be provided in a site-based model, as itinerant services, or other individualized frequency and duration of services.

2025 ESY Locations
