JUNIORS and SENIORS, The easiest way to learn something is when you can do it side by side with an expert. Watch how they go through their day and experience this first hand. CTE internships allow you to experience your dream job now while you are in high school. Not sure what your dream job is, or if you would really like doing something. Take the time in high school to find out if you really want to do something. Talk to your favorite CTE teacher about the CTE internship program. The deadline to apply is Friday, September 27th.
