HI Families!

I am writing because I am finishing my doctorate and have a fun opportunity for families to have a voice in education.

I am hoping to interview parents of Alaska Native and African American students, who feel like their children are struggling academically or with behavior. My goal is to understand how educators can support your children.

Would you be interested in being interviewed? It can be done over the phone or by Zoom. The interview would take 30-45 minutes. Thank you for your consideration!

Please email me if you are interested: clarejean@gmail.com
