PRINCIPAL NOTES – Kitty Logan

The October Parent Orientation has been planned for Wednesday, October 17th at 9:00 a.m. If you know someone interested in the school, please send them my way. If you are new to our school and have not attended a Parent Orientation, please plan to attend.

There will be NO SCHOOL on Friday, October 19. Teachers plan to be working on grades. I am going to learn more about ALICE drills that day.

The PTO has planned the Fall Festival on Friday, October 19. This event is A1 and family friendly. Join us.

I hope you all received your invitation for Parent/Teacher Conferences. Each year we are close to 100% family participation.

Did you know?: We have a Complaint Policy

In accordance with ASD Board Policy 333.97 Complaint Resolution, when parents or staff members wish to bring a matter of policy to the board, the following process will be followed:

- 1 - The parent or staff member with the question or concern will be directed to speak with the principal.
- 2 - If the principal determines the question or concern falls within the responsibility of the APB, the parent or staff member will be referred to the APB Chair. The Chair will ask the parent or staff member to meet with the appropriate APB member(s) to develop a solution and recommendation.
- 3 - The recommendation will be brought to an APB meeting by the involved board member(s) in the form of a motion. The parent or staff member will be given an opportunity to speak on the subject before the board enters into discussion.
- 4 - The APB will vote on whether to formally consider the matter at the following or a special APB meeting.

LEXIA LAB – Janet Copping

Parents of Lexia students: It would be appreciated if you would provide headphones for your student to use in the Lexia Lab. You may put them in a ziplock bag and label with your student's name. We have more students in Lexia than we have headphones! Ear buds do not work as well, so the request is for headphones.

Parent helpers are needed from 3-4 pm, Monday and Wednesday to boot up computers and monitor kids. We are still growing!
