

## The Eagle's Call

November 26, 2018

### **PRINCIPAL NOTES – Kitty Logan**

I hope you had a marvelous Thanksgiving. Please don't ask about my spuds. The gravy might have been thicker. I did see Ms. Deming and Mrs. Patterson shopping on Freaky Friday. I was competing with Ms. Deming at the sock sale.

Parents are expecting midterm reports today. Unfortunately, the grade book attached to Q has been down for a number of days and teachers have not been able to input data. That being said, we hope to have all midterm reports sent home by Wednesday. As always, please direct your questions to the school.

The big news in the Logan household is that it is time for the hounds to fly to Hawaii for the winter. I will certainly miss their beautiful mugs and our 5:45 a.m. walks.

### **Did you know?:**

Isaac is coming back to school this week. I am so thankful that his surgery was a success and that his recovery gets an A+ rating. I told Mrs. Pogue that he was anxious to get back to see his peeps and teachers.

Ms. Deming has sharp elbows.

### **HEALTHWISE with Nurse Jan**

It is that time of year when germs are being spread like wildfire. Please keep your child home if they are ill. We have families that are trying their best to avoid certain strains of viruses and bacteria due to immunocompromised family members at home. Let's help support each other and our families! If your child is not feeling well and is potentially contagious, please care for them at home. Always feel free to call me with any questions or concerns. 742-2972

### **ZERO WASTE – Heather Sutherland**

#### **LUNCH TIP OF THE WEEK:**

\*Ziplocs can be reused and/or recycled. Have your kid/s bring them home, give them a rinse, and let them dry out. Reuse or recycle at the grocery store. (Trex Decking, which is expensive, can be made with recycled plastic. It takes 140,000 ziplocs to make 500 square feet of Trex, so save those bags and recycle them and maybe we can bring the cost of composite decking down, as there is a shortage of recycled materials for manufacturing it).
