  · Proof of Residency (utility bill, lease, or real estate contract, etc.) will be verified for the following situations: new to school/new-to-district student (including kindergarten) throughout the school year.
  · Birth Certificate (copy acceptable)
  · Current immunization records
  · Current physical and mailing address and phone numbers of students and parents, and emergency contacts.
  · Name and address of previous school attended
  · Copies of current legal papers if there is a custody agreement

We find ourselves at the end of yet another school year. A school year that is unprecedented, unlike any we have ever experienced. The halls of our school have been hauntingly quiet for months, teachers are busier than ever trying to find ways to teach students remotely and families have had the burden of supporting remote learning as well as maintaining their own careers. We can not predict tomorrow or the next day for that matter but we do know that at North Star we are all in this together. We are a team: families, school, and community, and we will navigate these muddy waters and get kiddos back to school where they need to be in the fall. We miss you and will see you in the fall!

Message from Ms. Sery:

SHINE BRIGHT NORTH STAR!

Do your best, be your best, and have a great summer! We miss you!

Follow us on Facebook @NorthStarASD or our website for updates.
Our school is participating in a cyber safety monitoring pilot.

Cyber safety software uses a combination of filtering, monitoring, and alerts to increase student safety to keep Anchorage School District users safe when they use G Suite for Education from Google. The District will use these protections to further promote student and educator productivity in a safe and controlled environment.

The software works to:
- Reduce incidents of cyber bullying
- Improve filtering of explicit and inappropriate content
- Alert staff to potential threats of violence or self-harm.

This monitoring is limited to ASD Google services and devices.

The three companies that are being evaluated are:
- Managed Methods
- Securely-SafeCloud
- gaggle.net-Safety Manager

If you have any additional questions, please contact Andy Chip at 742-1551 or chip_andrew@asdk12.org

Although the classrooms are empty, and we enjoy long summer days — the learning doesn’t stop.

During summer, kids need a change in routine, but they also need to continue exercising their brains and practicing skills they learned through school.

To continue learning all summer and ensure the learning never ends—
