- Kindergarten enrollment is very low.
- Lessons Live lessons and recorded lessons 9/8
- If you need a device/internet for your child, let us know. You must be registered first.
- All of our students qualify for meals. You have to go to https://www.asdk12.org/Page/15786 to sign-up for meals.
- Teachers will start taking grades Sept 8th-two Math and two Language Arts grades per week.
- Attendance is taken once a day.
- Make sure you are connected to your child's Remind.

### **Virtual Learning At North Star**

#### What is Canvas?

Canvas is a learning portal. Think of it as a one-room schoolroom where students have access to assignments, recordings, tutorials, and announcements. This allows the student to access learning materials independently at a time that works best for the family.

#### What is Zoom?

Zoom is an online videoconferencing (like FaceTime) It allows us to teach, tutor and guide students live or in real time.

#### What is i-ready?

It is an interactive learning program that uses game-like activities to teach students math and reading. It is progressive and adaptive, meaning it becomes more challenging as students answer correctly.

#### Healthy Futures News September 2020

#### Hello North Star Families,

First of all, I'd like to say how much I truly miss working with your child during the school closure. Many of the students have turned in Healthy Future Logs each month of the Challenge last year and I'd like to extend that opportunity to those that wish to continue. The September Challenge goes from (Sept. 1 Sept. 30). The Healthy Futures Challenge is an optional program, however students that complete the challenge each month will be given extra credit for P.E. this quarter. All you need to do is email me with your child's first and last name as well as their teacher's name stating that they completed the September Challenge. That means they participated in some form of exercise for at least 60 minutes 15 days or more during the month of September. You can also download an interactive Healthy Future Log at the bottom of this letter and email it to me. All emails need to be sent to me on or before October 6th in order to qualify for the incentive reward. You do not have to list the days or activities in the email just that they completed the challenge. I will upload students' names in the database as I receive them from families. The activities, can be broken down into smaller chunks of time and can include walks with the family or any type of exercise that they like. Remember to practice social distancing and to abide by all city ordinances in effect. If you have any questions or concerns, please send me an email listed below. Get Out and Play Every Day! \*Click here to download the New Alternative fillable PDF Healthy

Sincerely,

Mr. Snelson
