

PTARMIGAN ELEMENTARY

May 21, 2020

Hello Ptarmigan Families,

I wish we could all be together to celebrate the end of another amazing school year, but currently that is not a possibility.

I just wanted to take a few moments to communicate with you about some important items that with the school closure are hard to complete.

Yearbooks and Spring Pictures: Life Touch has still not been able to send us our orders. It is their hope that we will have the pictures and yearbooks by the beginning of next school year.

Left Behind Student Items: If you were not able to come and pick up your students items a few weeks back, we will have those bags available when the students come back to school.

Ptarmigan T-Shirt Orders: Again, we still do not have this order, but we will hand them out at the start of next school year.

Chromebooks: If your family received a chromebook, please keep it over the summer and we will collect those in fall.

Summer Learning: Students have an opportunity to complete some online learning over the next few month if you chose. If this is an opportunity that you would like for your student, please click on the following web link for information and how to sign up. <https://www.asdk12.org/Page/15487>

Online Registration: Every year we ask our returning families to go online and register each of their students for fall. I cannot express the importance of each and every one of our families completing this request. For the last 2 years, we have lost a teacher due to not having enough students register before school starts. This results in larger class sizes, which makes learning harder for everyone. Please register your student(s) now before you get really busy enjoying the summer. If you need assistance, please call 742-HELP and they will be able to help you.

In closing, I truly missed greeting students and families in the morning and seeing all the end of the year growth both academically and behaviorally that I know our students are capable of. We will close out the year with a staff car parade on Wednesday May 27th. Around 10:30am have your kids look out their window or stand in their front yard and see some of the Ptarmigan Staff as they drive by and honk to wish you a wonderful summer. A parade route map will be put on the Ptarmigan Facebook page, in an email, and also on the website.

Stay Safe,

Kelly Ramey
Your Principal
