

Mrs. McCotter Counselor

Mrs. McCotter is the counselor of students enrolled in Benson's Crossroad Program. As your counselor she helps create class schedules and makes changes that best fit the needs of pregnant and parenting teens. She assists students by providing a supportive environment that encourages students to continue and complete their high school education without the loss of credit or time. In addition she provides educational opportunities around having a healthy pregnancy and becoming a good parent, both through our curriculum and the connections we facilitate with community resources. Please contact Sondra McCotter for more information at 742-2424 or email her at: mccotter_sondra@asdk12.org
