Courses offered are dependent on staffing and student enrollment. Some may not be offered. Therefore, the selections above are course requests only. Final schedules for next year will be viewable in mid-August. Students will have 10 days after school begins to submit changes to their scheduled electives.

Additionally, please remember 8th graders are first placed in their core subject classes as well as the required Physical Education and Health courses. Often conflicts occur with elective requests due to class times, seats available, and/or individual required support classes. Adjustments are made when possible to accommodate elective requests.
