# Panther Pride News

Respect, Responsibility, Creativity, and Academic Excellence

Friday, May 21, 2021/special edition

*Once a Panther, Always a Panther!*

Yesterday afternoon, Mears teachers and staff said goodbye to students on the last day of the school year. In an annual tradition, faculty members lined up on the west-facing lawn and waved farewell to each of the 16 busloads of students as they headed home for summer. Special recognition and congratulations go out to our 8th graders, who will now embark on the next chapter of their journey as high school students. All of us at Mears are extremely proud of this group of exceptional young people, who have made an incredible difference in our community by leading the way through this most historic school year. **Go Panthers!**

# Activities at Mears Middle School

## 2021/22 Mears Middle School Activities & Sports

At this point, we look forward to fully implementing all of our sports and activities during the 2021/22. While we will likely still have some of our mitigation strategies in place, we are excited to offer interscholastic opportunities, with students traveling to other middle schools for contests. Additionally, we will have a number of intramural activities, which will occur entirely at Mears. Please take a moment to review the 21-22 schedule attached to this email. In preparation for next year's sign ups, we've included the information below regarding paperwork submission. Have a great summer!

**Families must fill out the following forms for students to participate in sports:**

- Middle School Participation Form
- COVID-19 Supplemental Waiver of Liability
- Health Examination Form

Added to these forms, if a student has tested positive for COVID-19 in the three months prior to the activity, families should fill out the **COVID-19 Return-To-Sports** form.

Forms can be scanned and emailed to our AAFP: [spartz-hays\\_robin@asdk12.org](mailto:spartz-hays_robin@asdk12.org) or dropped off at the school by your student near the main office between periods 1 and 2: designated basket supervised by Ms. Spartz-Hays.

### Dear 2020,

It pains me to be here talking to you again, but we really have been through so much together. You’ve been a bittersweet year. I walked into the new year longing for change and boy did I get some. Through the passing of my lifelong best friend and childhood cat, new friends, old friends, a new school, and of course the global pandemic, I’ve come to learn a lot about myself and my environment. 2020, you were a year of everything from smiles and bursts of confidence to panic attacks and mental breakdowns. Though there were some times where I couldn’t see anything but the dark side closing in, there were times when the shadows were only that, shadows. “The past is memories, the future is imagination, and the present is a gift.” I heard someone say once. 2020 was an exploratory year for all of us and you sure took me on some great adventures. Finding myself and my real friends wasn’t your most enjoyable mission, nor was it mine, but our most important. 366 days is all you had, and truthfully, I wasted a lot of it. If I could go back I would. I would take lots more pictures. I would be sure to say goodbye. I would stop to breathe every once and a while. It was amazing, living in this fast-pace where everything could change in a millisecond, but it was also terrifying. I was convinced to not let that fear take over. Stopping to smile every once in a while was the only thing I could do. We’re still here waiting for your storm to pass, but it will. We’re still waiting, still holding on to that hope we found with you. Thank you, for the epic highs and lows. The triumphs and defeats. 2020, I’m sure I’ll never forget you.

Sincerely,  
Ella Wheelles

# Hope Is With Us All

By: Deegan Robert Devore

Dear 2020,

I don't think you could have done worse. I mean, come on covid-19 messed all of our lives up, and then school! I don't want to insult you, I mean you must be a nice guy but you really messed a lot of people's lives up. Like the only thing good about it was "among us". Even then it lost its fun very fast.

A lot of people died, the riots discrimination and the sickness, that hurts people who are just like me. Many people lost their lives standing up for what they believe in... people killed them because they were different. The color of your skin doesn't make you weird or disgusting. Your ethnic identity doesn't make you wrong. 2020 you hurt so many people, but i've seen so many people come from the ashes of darkness and hurt, and have been loved.

2020 there's a story, a myth more alike. Pandora was meant to be a woman made by the gods and goddesses. They gave her a jar and a very high amount of curiosity. When she opened the jar all the bad things in the world flew out but just before it could escape she trapped hope inside the jar. That meant that no matter what happens the world will always have hope. That's what we will always have, hope. People can't take that away from us and never will.

You threw at us what we never expected to happen, but you didn't take away hope. You didn't take away freedom, you just took away some of the happiness. The graduations, the parties, family and lives. But the one thing you didn't take from us, is hope.

Sincerely,

Deegan Robert Devore
