

2018 English Language Learners Summer Enrichment Program

June 12-29 and July 10-27

Tuesday through Friday
10 a.m. - 2:30 p.m.

The ELL Summer Enrichment Program focuses on building foundational tools for students to build relationships with one another, school staff, and the larger community through a language-rich environment, the arts, and meaningful educational experiences.

For six weeks, students will learn in an open optional school where teachers and students weave together science, math, art, and language. This enriching program will boost students in all academic areas, while building their confidence in language development.

- Open to students in kindergarten through 6th grade
- Transportation from selected ASD facilities
- Lunch provided
