I could use some help setting up for our graduation celebration Friday after school. It shouldn't take more than an hour. Also, I was hoping to have a quick meeting Tuesday after school for anyone interested in helping with refreshments, decorations, etc. for the graduation party. If you are unable to come, but would still like to help, please text or email me and I will let you know what you can do to help out. I'm feeling a bit overwhelmed right now, so this is me reaching out and asking for help even though I want so much for this to be my gift to you.
