Discovering and Celebrating Diversity

Students at Mears, and throughout Anchorage School District, are among the most diverse in the entire nation. ASD’s students reflect a wide array of backgrounds from around the world. Such diversity adds a rich multitude of perspectives and experiences to school culture. Currently, a number of classes at Mears are engaged in a project designed to allow them to discover and celebrate diversity at school. Working in pairs, students are interviewing one another, inviting their classmates to articulate what characteristics make them special and unique. These conversations allow students to share valuable information about their family background, languages, ethnicity, values, and traditions. Pictured above are students Logan Brown and Sophia Scott, both members of Mears Student Advisory Board, who are engaged in a Celebrating Diversity interview.
Coding Challenge

Students in Mr. Tony Lewis’ Robotics class are currently engaged in a coding challenge. They are learning to program a sphero device to change colors when it is tossed up into the air. The project offers students a difficult programming challenge.

Music Made In-Person

Mears young musicians and their amazing teachers are appreciating the opportunity to finally make music together in-person. After nearly a year of practicing together online and virtually, Mears’ musicians are now performing every day in class.

BEST EFFORT -- Finish Strong!

There are just 14 days left of school and at Mears we want to be sure that every student finishes the school year having worked hard to do their very best.

Beginning last week, Mears teachers and staff have launched the end of year FINISH STRONG Campaign, which is a school-wide effort to encourage every student to give their best effort and to pass all of their classes.

To support students, teachers in Mears six Collaborative Teams are offering students in jeopardy of failing classes individualized support to help them improve their final grades for the year. Teachers supporting students in this PUSH-TO-PASS effort will be reviewing gradebooks, identifying missing assignments, and promoting good study habits and work completion. In certain instances, teachers will be reaching out to families for additional support.

Parents and families are strongly encouraged to join us in encouraging all Mears students to give it their all for the next month of school.

Covid Safety Update

After six weeks of in-person school, I am pleased to continue to report that our students and staff are doing a tremendous job adhering to the Covid mitigation plan. Everyone wears a mask without question, students are sitting socially distanced in classrooms, and classes are taking advantage of warmer days and taking their nutrition breaks outside and/or are leaving classrooms for walks around the building.

Keep up the good work, Panthers! --Eric

ASD’s Health and Safety Covid Matrix

ASD’s planning and decision-making process for determining the District’s risk level for conducting school takes multiple community factors into consideration. The District conducts this process in close conversation with the Municipality of Anchorage and the State of Alaska Department of Health and Social Services. In recent months, organizations such as the Center for Disease Control, the American Academy of Pediatrics, and the World Health Organization have expanded their guidance and resources regarding safely providing public education.

Important Reminder to All Parents and Families: Please Stay Home When Feeling Ill

“I’d like to ask for parents’ continued attention when conducting home symptom screening before sending children to school. While more and more parents are becoming vaccinated, children are still susceptible and can spread COVID-19 at school. Just a single positive case in a school can close an entire classroom and potentially cause the entire class to quarantine as close contacts. The school community has done a great job thus far, and COVID-related impacts to our classrooms have been minimal. Let’s stay vigilant.”
