

Name: \_\_\_\_\_

## Set 1: Number Partners for 10

Fill in the blanks to make the equations true.

1  $7 + \dots = 10$       2  $5 + \dots = 10$       3  $\dots + 2 = 10$

4  $10 - 4 = \dots$       5  $10 - \dots = 3$       6  $10 - \dots = 1$

## Set 2: Add and Subtract in Word Problems

Fill in the blanks to solve the problems.

- 1 2 cats sit on a rock. More cats come. Now there are 5 cats on the rock. How many more cats came?

$$2 + \dots = 5$$

$\dots$  more cats came.

- 2 Liam has some beads. His friend gives him 2 more beads. Now Liam has 9 beads. How many beads did Liam have to start?

$$\dots + 2 = \dots$$

Liam had  $\dots$  beads to start.

- 3 Kim has 8 crayons. She gives some away. Now she has 3 crayons. How many does she give away?

$$8 - \dots = 3$$

Kim gives away  $\dots$  crayons.

- 4 There are 9 pencils. There are 3 markers. How many more pencils are there?

$$9 - \dots = \dots$$

$\dots$  more pencils.

## Set 3: Write True Equations

Find partners with equal totals. Complete the equations.

1

$$9 = 8 + \dots\dots\dots$$

$$8 + \dots\dots\dots = \dots\dots\dots + \dots\dots\dots$$

$$6 + \dots\dots\dots = 9$$

$$8 + \dots\dots\dots = \dots\dots\dots + \dots\dots\dots$$

## Set 4: Make a Ten to Add or Subtract

Make a ten to solve the problems.

1  $9 + 3 = ?$

$$10 + \dots\dots\dots = \dots\dots\dots$$

$$9 + 3 = \dots\dots\dots$$

2  $8 + 7 = ?$

$$10 + \dots\dots\dots = \dots\dots\dots$$

$$8 + 7 = \dots\dots\dots$$

3  $13 - 6 = ?$

$$6 + \dots\dots\dots = 10$$

$$10 + \dots\dots\dots = 13$$

$$6 + \dots\dots\dots = 13$$

$$\text{So, } 13 - 6 = \dots\dots\dots$$

4  $15 - 9 = ?$

$$9 + \dots\dots\dots = 10$$

$$10 + \dots\dots\dots = 15$$

$$9 + \dots\dots\dots = 15$$

$$\text{So, } 15 - 9 = \dots\dots\dots$$

5  $17 - 8 = ?$

$$8 + \dots\dots\dots = 10$$

$$10 + \dots\dots\dots = 17$$

$$8 + \dots\dots\dots = 17$$

$$\text{So, } 17 - 8 = \dots\dots\dots$$

## Set 5: Add Three Numbers

Fill in the blanks to solve the problems.

- 1 7 people are at a party. 4 more people come. Then 7 more people come.

How many people are at the party now?

$$\dots + \dots + \dots = \dots \quad \dots \text{ people}$$

- 2 Emma has 4 blue beads, 2 red beads, and 8 green beads.

How many beads does Emma have?

$$\dots + \dots + \dots = \dots \quad \dots \text{ beads}$$

- 3 Find  $5 + 5 + 8$ .

$$\dots + \dots = 10$$

$$10 + \dots = \dots$$

$$5 + 5 + 8 = \dots$$

## Set 6: Find the Unknown Number

Find the missing numbers.

1  $\dots + 3 = 11$       2  $9 + \dots = 13$       3  $7 + 5 = \dots$

4  $15 - 8 = \dots$       5  $\dots - 6 = 8$       6  $16 - 7 = \dots$

## Set 7: Compare Numbers

Write  $<$ ,  $>$ , or  $=$  in the circle.

1  $72 \bigcirc 72$

2  $50 \bigcirc 54$

3  $61 \bigcirc 64$

4  $39 \bigcirc 45$

5  $29 \bigcirc 28$

6  $65 \bigcirc 55$

## Set 8: Add and Subtract Tens

Fill in the blanks.

1 Find  $20 + 70$ .

..... tens + ..... tens = ..... tens

$20 + 70 =$  .....

2 Find  $40 + ? = 60$ .

..... tens + ..... tens = ..... tens

$40 +$  .....  $= 60$

3 Find  $80 - 30$ .

..... tens - ..... tens = ..... tens

$80 - 30 =$  .....

4 10 less than 88 is .....

5 10 more than 32 is .....

6 10 more than 45 is .....

7 10 less than 24 is .....

## Set 9: Compare Length

Fill in the blanks.

1

The ..... ribbon is longest.

The ..... ribbon is shortest.

2 Tina is taller than Jamal. Zach is shorter than Jamal.

Tina is ..... than Zach.

Zach is ..... than Tina.
