School Climate & Connectedness Survey

As a reminder to all our families, the School Climate and Connectedness Survey is STILL open until March 21st! This survey is a voluntary statewide survey taken by students grades 3-12, all school-based staff, and ASD families to measure school climate, how connected students feel to adults and peers, social and emotional learning, and observed risk behaviors at school or school events. Those interested in participating in this survey can go to <https://www.asdk12.org/Page/4323> and select their language of choice.

Our goal is to have 50% (or more!) of our school and school families take the survey. We would love to hear your thoughts on our school. EVERY family that completes the survey will be entered into a drawing to win a gift card as our way of saying thank you for participating. If you take the survey, please email your student's teacher or the front office at erefrontoffice@asdk12.org to let us know so we can add your name to the drawing!
